BUEBAU OF CONSTRUCTION AND REPAIR.

BUEBAU OF CONSTRUCTION AND REPAIR.

Proposals will be received at this bureau until 12 o'clock m. on the 30th day of August nert, from shipbuilders and mechanics qualified to do the work, for laying the keel, raising the stem, sterapoest and frames, and doing all riveting and instening for the same, putting on the garboard and other strakes, putting in the intercostal plates, stanchious and deckbeams, as per plans and specifications, embraoing the completion of the frame work ready for outer and inner plating and deck plating of the United States double-turreted moniter Monadnock.

The irame and all parts connected and required for the above work has been erected, and will be carefully taken apart and delivered to the contractor at the railroad depot in Vallejo, California.

The contractor will be required to prepare a substantial foundation for blocking up and launching the vessel, in the vicinity of the Mare

substantial foundation for blocking up and launching the vessel, in the vicinity of the Mare leiant Navy Yard, and complete the above work in six weeks from the time of the delivery of the fixame, &c., at the depot in Vallejo.

Payments will be made in United States cur-Also, proposals will be received at the same time and place for putting on outer and inner skin plating, deck plating, all bulkheads, ventilators, battle-hattehes, deck-lights, timber-heads, cleats, sockets, putting in ventilating and turret engines and completing all iron work required to finish the hull of said double-turreted monitor Monadnöck, except the armor-plating on the sides.

All materials will be turnished by the Government, and will be delivered to the contractor at the railroad depot in Vallejo, California, as it comes from the manufacturer.

All of the above work must be done in the best possible manner and acceptable to the Governessible manner and acceptable to the Governessible manner and acceptable

sinte, and to be delivered within thirty days from
the date of the contract, and stored in the waits
of the Department building before the contracting party will be paid therefor.

Average samples of the Coal must accompany
each bid, and the contracting party must exhibit
satisfactory certificates from shippers that the
Coal delivered to him from vessel or cars is the

desired, within thirty days from the date of contract.

The whole to be weighed or measured by the Inspector appointed under the provisions of section 3,711 Revised Statutes of the United States. The bids will be opened in the office of the Superintendent, in the presence of such bidders as may choose to attend, on WEDNESDAY, the 18th of September, 1875, at 100 celock a m., and the awards will be made on or before MONDAY, September 20, 1875.

The Department reserves the right to reject all er any portion of the bids received, if deemed for the interest of the Department so to do.

A satisfactory bond will be required in each case, to be executed and filed within ten days after the award is made, for the faithful performance of the contract. J. O. P. BURNSIDE, Disbursing Clerk and Superintendent Post Office Department.

NAVY DEPARTMENT,

WASHINGTON, I. C., July B., 1875.

Sealed Proposals indorsed "Proposals for Building on Iron Sectional Balance Dry Bock," will be received at the Navy Department until 12 o'clock m. on the 15th day of September next, from dry dock builders, manufacturers and mechanics nocomminded with that kind of work, for curnishing. m. on the 15th day of September next, from dry dock builders, manufacturers and mechanics acquainted with that kind of work, for furnishing the materials for, and the building of, two sections of an Iron Sectional Bdlance Dry Dock at the Navy Yard, Penaccola, Florida.

Said dock to be erected and used in a basin in said yard 358 feet in length and 110 77-190 feet in width.

said yard 358 feet in length and 110 77-100 feet in width.
Each section thereof to be of about the following dimensions, vir: Width, 108 feet; length, 35 feet 8 inches; depth 11 feet; and to have a displacement above its own weight, when completed, ready for uge, of about 600 tons.

The general plans and specifications for the whole of this dock have been adopted, and may be seen and examined at the Navy Department. These plans and specifications are, however, adopted and assumed by the Government only as the general plans and specifications controlling the general character and dimensions of the dock, not as guaranteeing its strength, capacity and successful operation. But the contractor must assume and approve them to that extent, and will be himself held responsible that they are suitable and sufficient for the purpose defred, and also for the strength, capacity and successful operation of the dock, when built, for two years after it has been tested and found to be ready for use.

No increase of size and general dimensions will

be permitted without the express sauction of the Department.
The contractor will also furnish, for one section, called the engine section, two upright beam engines and boilers, with all the necessary pumps, water tanks, shhatting, gearing, machinery and attachments of sufficient strength and power to raise the dock of six sections, with a vessel of 3,230 tons weight upon it, in one hour.

The engines and boilers will be protected by a suitable house, to be built of charcoal iron.

The plans of the sugines and boilers, with specincations in detail, must be approved by an engineer of the United States navy, to be appointed by the Department for that duty.

The materials used in building said dock must be, in all its parts, of the best quality of beam, angle and plate charcoal iron, and must be able to stand the regulation tests for strength and toughness of iron used for building iron vessels of war.

The whole structure will be built under the in. The whole structure will be built under the inspection of the superintendent appointed by the Department, who will have authority to reject any material or portion of the work not considered by him to be of preper quality and workman-effer.

by him to be of preper quality and workman-ship.

The contractor will be required to give security in the amount of \$500,000, with not less than two sureties, who will farmish the usual certificates that they possess property free from incumbrance equal to twice the amount for which they are held as sureties, that he will do the work and construct the docks according to his contract in all respects, and that the same will be sufficient in strength and capacity, and will accompils the purpose for which it is designed, as set out in this advertise-ment and in said contract, and that it will operate successfully for two years after it has been accept-d for use.

ready for use within five months from the date of signing the contract.

Psyments will be made in ten equal parts, as the work progresses, upon bills duly certified to by the superintendent on the part of the Government; the Government reserving twenty per cont. (20) of the amount of each bill as additional security until the final completion and acceptance of the work.

All "straw bids" will be at once rejected, and the Department reserves the right to reject any bid from persons considered not competent to do the work, and all bids not be five the interests of the Government; and, for the purpose interests of the Government; and, for the purpose

the work, and all bids not believed to be for the interests of the Government; and, for the purpose of securing proper information on these points, a board of officer, consisting of one line officer, one engineer and one constructor, will be appointed by the Department to examine the bids, and investigate and report upon the experience and ability of the persons bidding, and the facilities at their command for properly executing the work required; and the Department will not award the contract to any one of whom such report is not, in all respects, assistanctory.

FINANCE AND COMMERCE

Washington, Tuesday Evening, Aug. 17.
Stocks and securities continue dull, both in
Wall street and Washington. Gold, foreign exchange and Government bonds keep each other
company in a decline to-day.
At the Washington Stock Board this morning
the rates for the guaranteed 3-55 bonds were 670
